

IN THE CLAIM

Please cancel Claims 1 to 4, without prejudice or disclaimer of the subject matter thereof, where the feature of the original claim 8 is added to the original independent claim 5 as a currently amended claim. It also add the 'manufacturing' to clarify the claims as the examiner pointed out in the prior office action. The original claim 6 only added 'manufacturing a nylon zipper' to conform to and depend on the amended claim 5. The original claim 8 also add the same words as the claim 6 to depend on the claim 5, and a word "cambered" added to restrict and clarify the feature of the present invention. But, as the amended claim 7 has a scope larger than the amended claim 5, it has to be cancelled. A new claim 9 is an activity step, which is not suitable for claim the feature of the configuration and means of the present invention, now is cancelled. Thereby, it is assured that the new claims 1,2,3and 4 are based on the original claims and thus no new matter is added. The relation of the new claims with respect to the original claims are illustrated in the following REMARK from which Examiner can know the relation easily.
